

# Välkommen till Granberget View Lodge

Dear Guest,

**Tailored Packages for a Unique & Authentic Experience in Swedish Lapland**

## **About Granberget View Lodge**

The Lodge is ideally located in a beautiful and hilly area in South Lapland, at the foot of the higher Swedish mountains, and merely an hour from Vilhelmina and South Lapland Airport

Situated on a hill surrounded by nature and with an impressive view on the valley, you will get a taste of pure wilderness and of the real Norrland spirit during your stay at the Lodge.

The main building is a typical Swedish style red house with a living-room, a fully equipped kitchen, a bathroom and two double-rooms. As our only guests during your stay, you can enjoy the comfort of the house and relax in front of the stove with a good book. All the meals are included, with breakfast and the evening meal being the main ones; lunch is usually a lighter one and is sometimes taken outside during our activities. We usually share the evening meals unless you prefer some more private time.

We love to dedicate our full attention to our guests and be fully present for you as you discover all the beauty and richness that Life up North has to offer. We want you to feel at home and have the most magical experience possible! The time spent at our place must be a unique experience that you will remember for a lifetime!

Welcome to Granberget!

## **About our Dogs and Horses**

Our adventures with sled dogs started in 2020 after adopting our first Alaskan Husky, Bobby. Shortly after, we adopted 9 more, and our pack has grown since to 15 Alaskan Huskies. We still have a relatively small number of dogs compared to other kennels, - and we like to keep it this way. We cherish their well-being above anything. Dogs will be a central element of most of the activities that you will be discovering during your stay. We cannot wait to share with you our passion and love for these amazing, generous, and joyous creatures.

Our life and work with them are based on mutual respect and understanding, mindfulness and animal communication. They are incredible athletes, and we make sure that they get the training, activity and care that meet their needs.

You will also get to meet Stella and Ola, our two mares. Horses have always been part of Rachel's life since childhood, and having her own horses at home were a dream come true.

You will also meet Sparta, who turned 13 and Milwyn, the Cat, the Mascots of Granberget View Lodge!

### **About the Activities and Program**

All our stays are exclusive with tailor-made programs. We want you to have a truly unique holiday, that meets your desires and expectations. At the same time, we want the flexibility to choose the activity of the day according to the weather conditions for the best experience possible, for you and for the animals. Life in the North, especially when it comes to outdoor activities, depends a lot on Nature. Instead of fighting against it, we prefer to make the most of it! Each season has something different to offer and will colour the stay accordingly.

**In summer and autumn, the focus is more on hiking with and without the dogs, cycling, foraging, picking berries, going to one of the valley or mountain lakes, for swimming or fishing.**

You will spend time in nature and with the dogs and horses (if you want to!), doing mostly activities involving them, as well as learning to take care of them, and why not help us with feeding and the daily activities.

Depending on the length of your stay and your desires, we can take you on a day trip to one of the nearby Sápmi sites or mountain resorts for a cultural and or sporty touch 😊

Let's create the perfect stay for you and have fun together and with the furry ones!

In summer & autumn, length of stay: 2-8 days

For up to 5 people; best fit for 1 or 2 couples or 1 family
